

HANDS ON

Copy Cat Finger Tap Patterns

This is a game for two or more players.

It starts simply but gets more and more complex the longer you play.

Sit facing each other at a table or flat surface with one hand resting flat on the table. Player one taps one finger. Player two mirrors the finger tap. Then player two taps two fingers in sequence starting with the finger tap from player one. Player one mirrors the finger taps player two made.

The game continues until everyone is laughing too hard to continue or until someone loses track of the taps. If playing with more than one person, a person who messes up the pattern is out and the game continues until only one person remains. The first person to mess up goes first then next time you play!
