

# EXTRA CRAFTY

## Skeleton Art

Make a funny skeleton using cotton swabs!

### **What you'll need:**

- \*Black marker
- \*Cotton swabs (18)
- \*Glue
- \*Scissors
- \*White and black paper (or white paper & black crayon)

- Cut a skull out of white paper and draw eyes, a mouth, and a nose on it. Use this template or make your own design.
- Glue the head onto the black paper. If you don't have black paper, color a second sheet of paper black.
- Break or cut the cotton swabs to different lengths. Glue them onto the paper to make it look like a skeleton.
