

# EXTRA CRAFTY

## Breezy Soccer

Have some sports fun, even on a rainy day with this breezy soccer game you make yourself!

### What you'll need:

- Box lid (pizza box, shoe box, etc)
- Paint
- White chalk
- Cotton ball
- Two straws
- Paper decorations from magazines or newspapers (team mascots, people, etc...)

1. Cut out two holes for goals from the two short sides of the box. (see the picture)
2. Paint the bottom of the box green, let it dry, then use the chalk to mark the middle of the field and the goals.
3. You can draw or print out people to be fans to glue onto the insides of the box.
4. You can draw or print out signs for teams or advertisements to glue on, too.
5. Put a cotton ball in the middle to be the soccer ball.
6. Each player gets a straw and tries to blow the cotton ball through the goal to score a point.
