## **Commissioning Site Visit**

**Date:** September 10, 2012

**Project:** Independence Park Main Library Baton Rouge, Louisiana

**Date Visited:** September 6, 2012

### OBSERVATIONS

1. HVAC ductwork is being installed and two main duct runs has passed a pressure tested.
2. HVAC ductwork is being protected. There are a few (stored) ducts that have splits in the plastic film covers and some have worked loose from the edges. The sheet metal contractor will make the repairs as needed. See Pictures attached.
3. There was one location where a floor drain is not protected. See pictures
