

# NATURE LOVERS

## *Nature Gnomes and Flower Fairies*

**In many illustrations, fairies and gnomes are show dressed in leaves and flowers.**

### ACTIVITY

Using things in your yard (like pebbles, twigs, leaves, flower petals), can you make a fairy or a gnome?

### HINT

A gnome looks like a small person with a pointy hat and a long, full beard. A fairy is a tiny person (head, tummy, arms, legs) with butterfly wings.

Do they have a pet?  
Maybe a dragon?!

Does your gnome or fairy need a friend?

What about a house?
