

EXTRA CRAFTY

Character Masks

What's your favorite story or book? Do you know it by heart? Help tell the story by creating your own character mask.

CRAFT MATERIALS

You will need a paper plate, scissors, crayons or markers, colored paper, glue or tape, popsicle/craft stick, and any other decorating materials you'd like to use (yarn, sequins, feathers, etc.).

INSTRUCTIONS

- On the back of a paper plate, draw the animal, character, or thing that goes with your story.
- Use crayons, markers, paper, feathers, or whatever you have around the house to make your mask look extra special. Be creative!
- When you are finished, glue or tape a popsicle/craft stick to the bottom of your mask to hold in front of your face, or punch holes in the sides and thread with string to tie around your head.

Now you can tell your favorite story by pretending to be in it!
