

CRAFTY CHALLENGE

U is for Unicorn

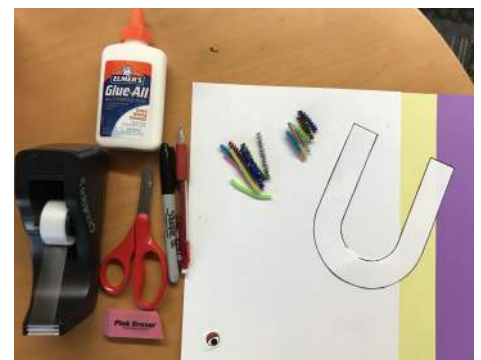

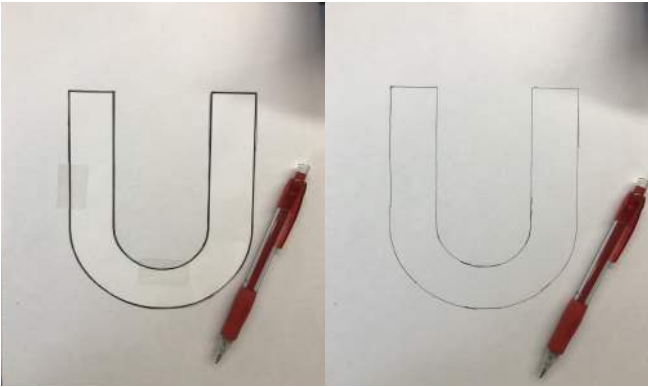

For this simple letter recognition craft we will be transforming the letter 'U' into a unicorn.

You will need the following materials:

1 sheet each of white, yellow, and purple paper; the printed letter U template; scissors; glue; black marker; pencil; eraser; scotch tape; sticker or googly eye (or draw an eye); 9 pipe cleaners in various colors (cut into 1 inch and 2 inch pieces)

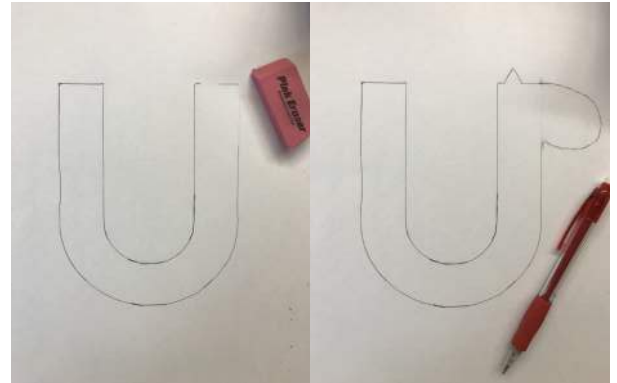

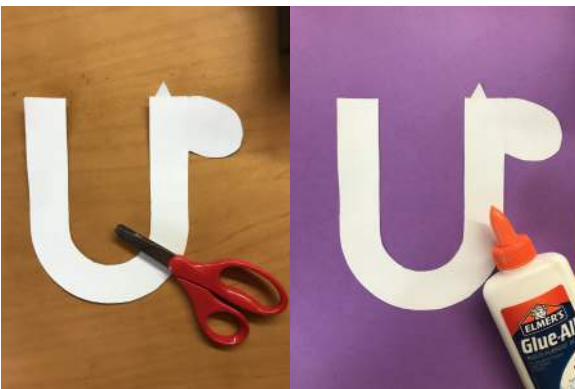

Step 1: Cut out the letter template and tape it to white paper in two spots.

Step 2: Lightly trace the letter with pencil.

Step 3: Erase a small section of the top and the right most side of the U.

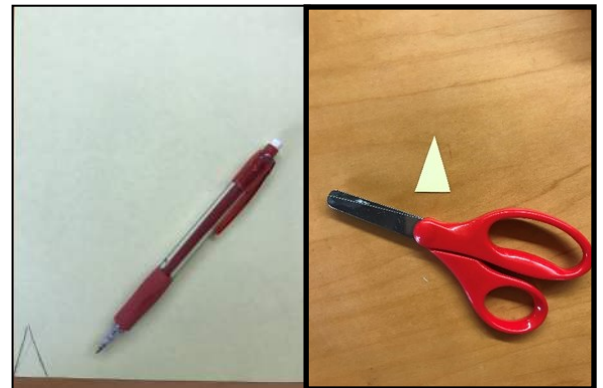

Step 4: Draw a small triangle on the top of the U and a rounded oval shape on the right side – these will be the unicorn's ear and snout.

Step 5: Cut out the U with its new ear and snout.

Step 6: Glue the U onto the piece of purple paper.

Step 7: Draw a small triangle on the yellow paper and cut it out.

Step 8: Glue the yellow triangle onto the top of the U at an angle between the triangle ear and the unicorn's snout.

Step 9: Add a sticker or googly eye or draw an eye under the yellow triangle.

Step 10: Glue the smaller pipe cleaner pieces onto the inside of the U closest to the sticker eye.

Step 11: Glue the larger pipe cleaner pieces onto the outside of the U farthest to the left.

Step 12: Use the black marker to draw the nose and mouth on the unicorn snout – it's easiest if you just draw a small smiley face.

Step 13: Your unicorn is done!
