

ENERGY BURN:

Dizzy Twister

Act out the weather.

Roll the weather dice and try to be the weather!

(Don't get too dizzy, twister!)

TO MAKE THE DICE:

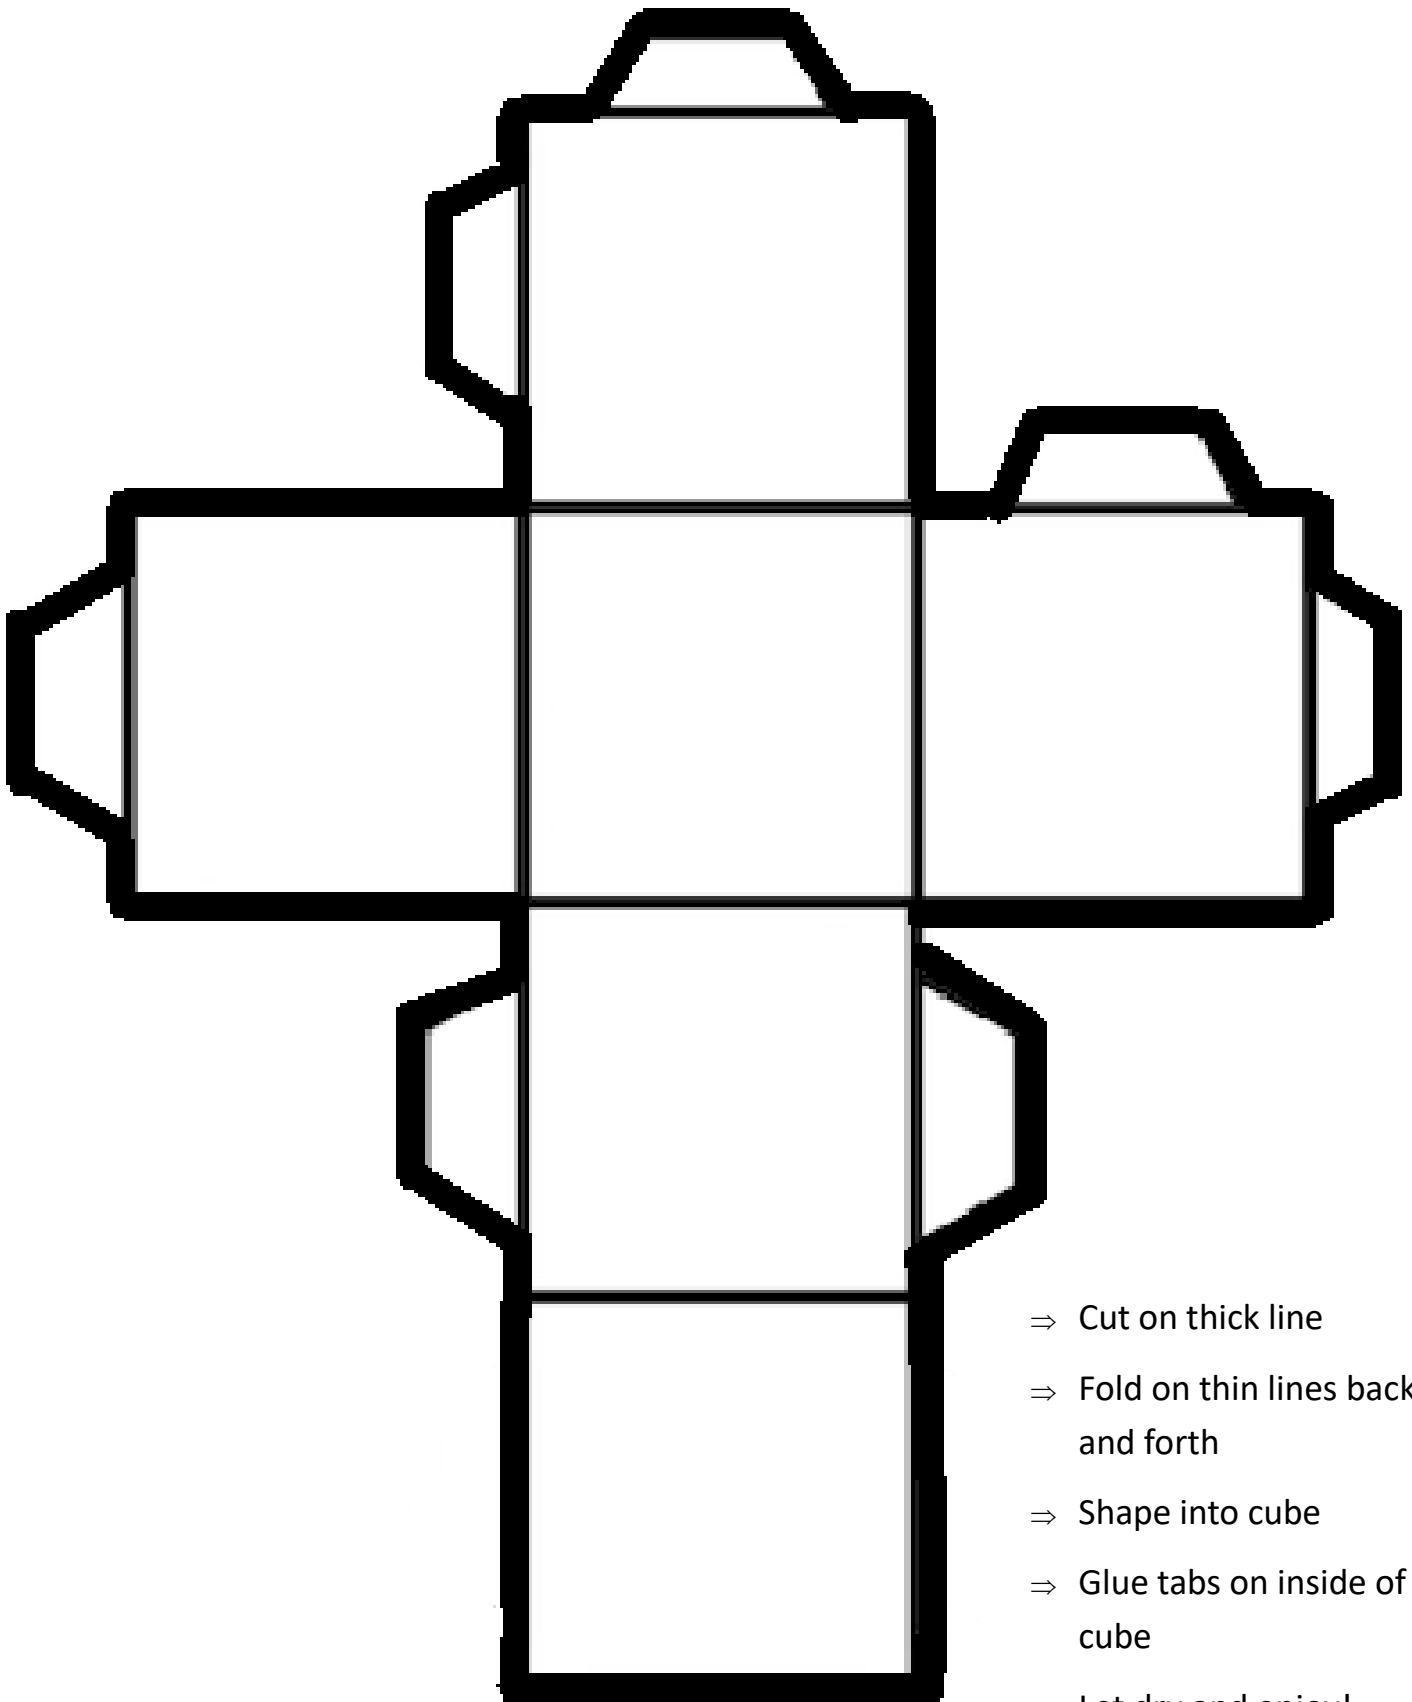

You will find a weather dice printable attached. Cut out the dice following the dark line. Do not cut along the thin lines.

Fold each thin line forward and back. Shape the dice into a cube and glue the tabs inside the dice or tape the sides together.

Let the glue dry and your dice will be ready to use!

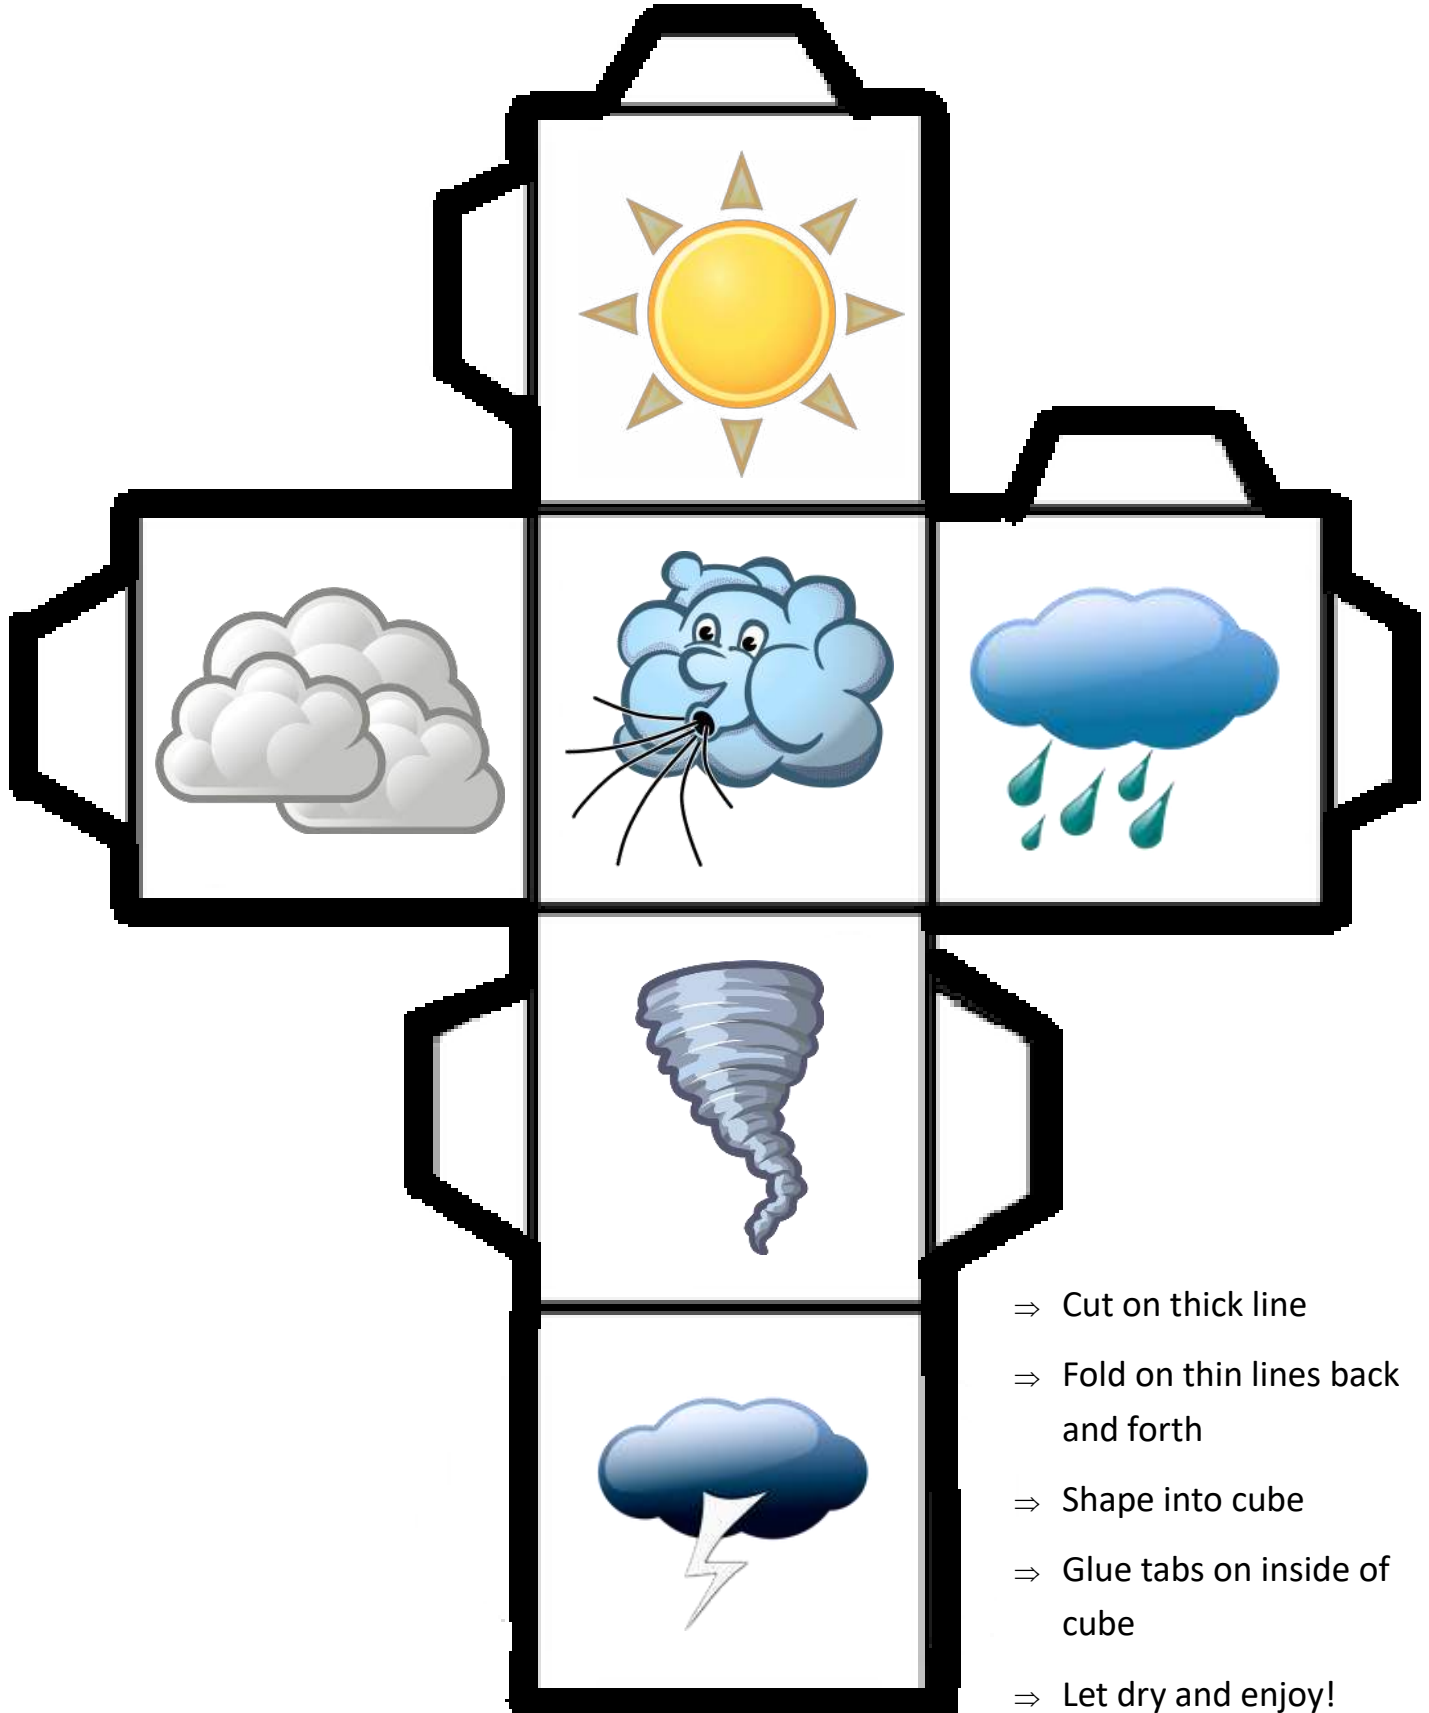

DRAW YOUR OWN ACTION DICE ON THE BLANK TEMPLATE!

- ⇒ Cut on thick line
- ⇒ Fold on thin lines back and forth
- ⇒ Shape into cube
- ⇒ Glue tabs on inside of cube
- ⇒ Let dry and enjoy!

Printable Weather Dice

- ⇒ Cut on thick line
