

# FLY A Bird Kite!

Make a paper bird kite to play with on a windy day!

## Materials Needed:

- Paper
- Hole punch or something to make hole
- Staple, glue, or tape
- String

## How to:

1. Take a piece of paper and fold it in half length-wise.
2. Pull down the top corner of the paper until it touches the straight side. Then do the same to the other side. Staple or glue the points to the edge.
3. Use a hole punch or punch a hole right behind the staple behind where the points are stapled down.
4. Decorate your bird with a beak, eyes and some tail feathers!
5. Tie a string or piece of yarn through the punched hole and enjoy running with your bird kite!
