

## **SEARCH & FIND:**

# **Footprint Find**

**Do you know what animals live in your neighborhood with you?  
If you don't, here's a chance to find out!**

**You will find a chart of animal footprints attached. You can use footprints as clues to tell what kind of animals live in or visit your neighborhood. Match the footprints you find with the animal footprints on the chart.**

**Keep a tally of how many footprints you find and what kind.**

**What animal made the most footprints?**

**What was the largest footprint you found?**

**What about the smallest?**

**Were you surprised by any of the footprints you found?**

# WILD ANIMAL FOOTPRINT CHART
