

# ENERGY BURN:

## Master Criminal Break-in

### Materials you can use:

**String/Thread**

**Scissors**

**Tape**

**Tape pieces of thread from one side of the room to the other in a variety of different directions. Try out your skills as a master criminal by weaving your way through the strings without touching them to get from the front of the room to the back of the room. If you touch the thread, you have to start over at the beginning.**
