

PEOPLE TIME:

Shoe Pile Dig

Grab your family and friends and create a large space in the middle of the room. Then have each person remove their shoes.

Put one shoe from each pair in a pile in the middle of the room, and the other shoe out of the way.

Each person should choose a partner.

One person describes their shoe to their partner, who retrieves it from the pile.

The shoe owners should shout clues at the partner digging through the pile.

After the correct shoe is found, players should switch turns.

For an extra challenge try to ask other people in your house to temporarily donate their shoes, because the more shoes in the game the more challenging.

Want a harder challenge? Try to guess your partner's shoe from clues given about its tread.

When you think you have the right shoe, grab a piece of paper and a crayon to create a rubbing of the shoe print. Do you still think this is the correct shoe?
