

## WORD GAMES:

# Alphabet Tumble Jumble

Create your own secret spy language!

### Alphabet Tumble Jumble:

Cut a piece of paper into 26 pieces and write a different letter on each square. Take turns drawing a letter and trying to say a nursery rhyme but start each word with that letter. So Jack be Nimble becomes Mack Me Mimble if I drew an M!

Another Alphabet Game: Take turns drawing a letter—in round 1 you name one thing that starts with that letter. In round 2 draw a new letter and name 2 things, round 3 draw a new letter and name 3 things...if you can't name the right number of things you are out! Keep going until there is only one person left! The whole group wins if you run out of letters! **NOTE:** To be fair, take out Q, X, U, Y, Z, and I. Leave them in for a challenge!
