

CRAFTY CHALLENGE:

What Needs Fixing?

Do this easy tool box craft, then investigate around your house to see what needs fixing!

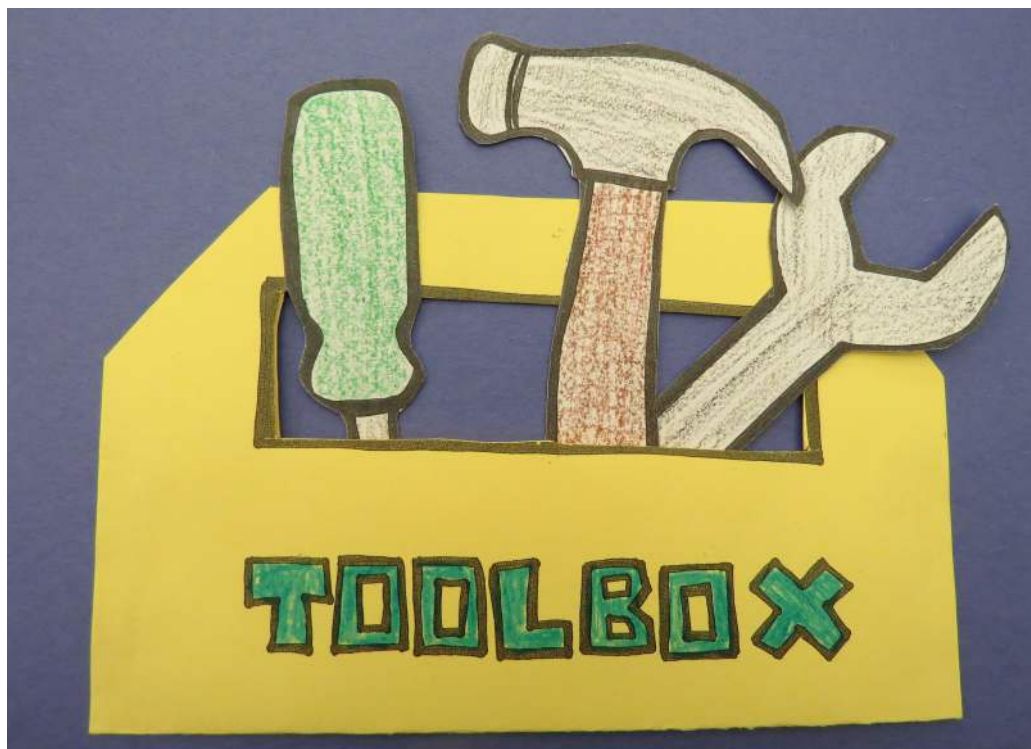

You will need:

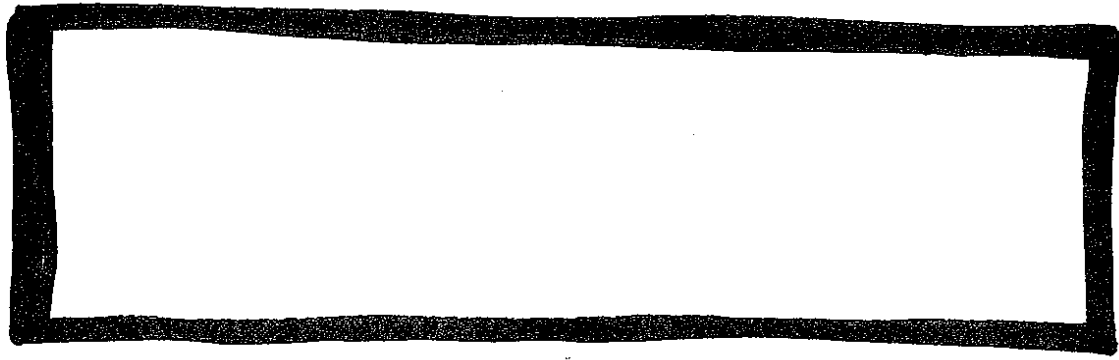

printed templates, scissors, glue, construction paper (optional), crayons

Instructions:

1. Print and cut out the provided template.
2. Either color and decorate the template pieces or trace them onto construction paper and cut out.
3. Glue the side of the toolbox together.
4. Stick the tools inside the tool box, but don't glue them down! You want to be able to use them.

Have fun doing repairs in your home!
