

## ENERGY BURN: Dance Party!

Find some music that is popular in another country and dance to it!

What did you like about the music you found?

What was different about it compared to the music you usually listen to?

What was the same?

You can use the library's digital service, **Freegal**. Begin at [www.ebrpl.com](http://www.ebrpl.com) and choose **THE DIGITAL LIBRARY**. Then choose **A - Z LIST**. Choose **F** for **Freegal**.

Click on **Log In** (at top right corner). Enter your library card number. You may search for an exact song or artist, or browse genres. You can also search for music in a different language! For instance, search *Italian*, and music in Italian will pop up!

Now it's time to dance away!
